

Two Independent Candidates For
BROOKLYN CENTER CITY COUNCIL

ELECT
**GRETCHEN
ENGER**

I didn't stop showing up after losing by 12 votes in 2024. I kept serving, studying the budget and asking hard questions. I'll bring that same preparation to the City Council.

Public Safety That Works

Your Tax Dollars Should Deliver Results

Accountable Government

RE-ELECT
**DAN
JERZAK**

Before serving on the City Council, I worked for Brooklyn Center for 17 years as an Inspector and Certified Crime Prevention Specialist. I know City Hall — and I'm not afraid to challenge it.

Public Safety You Can Count On

Accountability for Your Tax Dollars

Independent, Thoughtful Leadership

Two Votes. Two Independent Voices. One Commitment to Brooklyn Center.

WE OPPOSE TURNING

HIGHWAY 252 INTO A FREEWAY. PERIOD.

Highway 252 needs to be safer.

We support safety improvements that don't sacrifice our neighborhoods.

This project will shape Brooklyn Center for the next 50–100 years.

We need to get it right.

We support pausing the Highway 252 project.

MnDOT must address concerns Brooklyn Center residents and experts have raised for years: environmental justice, equity, noise, air quality, and impacts on homes, businesses and neighborhoods.

We fully support the No-Build Alternative.

We trust the work of the Task Force.

Dan has served as the council liaison for three years. Gretchen attends Task Force meetings and listens to residents who have spent years studying this project and advocating for their neighborhoods.

Dan's statements reflect his individual views as a candidate, not an official position of the Brooklyn Center City Council.

SAFER ROADS

PROTECT OUR NEIGHBORHOODS
